How do the free nights work?

Receive one free room for every six rooms booked

- It is not required to have 5 rooms in the same room category in order to receive the 6th room free.
- The free room applies to the lowest total value room for each night that there are enough rooms booked to qualify.
- Maximum number of 3 complimentary rooms given for the 3G promotion. This promotion is not combinable with other groups promotions. Once the maximum number of rooms are met, any additional paying rooms are subject to Terms and Conditions, and the parameters of the standard Group Policy.
- 1 complimentary room will be given for every 5 paying rooms every night the group meets that criteria (i.e. – When booking 5 rooms at 3 nights and 1 room at 5 nights, the complimentary room will be awarded 3 nights). Please see examples on how free rooms are to be calculated.
